Tonsiline Cures Sore Throat

The throat is one of the most delicate parts of the body. It is also one of the most important, and should be given the best possible care. The throat is the gateway to the body. The air we breathe, the food we eat, the liquids we drink, all pass through it. It is very easily affected by cold, strain, exposure, etc., and Sore Throat is therefore one of our most common ailments. Strangely enough, it is also one of the most neglected.

Sore Throat is a very serious matter, for the whole system is in danger in consequence of it.

Every Sore Throat patient is a candidate for Tonsiline, Quinsy, Diphtheria and other serious or fatal diseases, all of which can be prevented by the timely use of the Sore Throat by the use of TONSILINE.

If taken in time a dose or two will do it. TONSILINE is made to cure throat diseases and nothing else. It is the one remedy for this purpose sold largely in the United States. Every user endorses it; every physician, knowing its virtues, commends it.

The one most important thing to remember about TONSILINE is the fact that it really does cure Sore Throat.

All druggists, 25c and 50c bottles. The Tonsiline Co., Canton, Ohio.
